HAYWARDS PEOPLE WILL GET THE PRICE OF A NEW SCHOOLHOUSE.

HAYWARDS. July 15.—At a meeting of the trustees of the Laurel school district held Tuesday evening, it was decided to advertise for competitive bids under the plans and specifications submitted by Architect Fornari of San Francisco. Although the majority of the trustees believe that the proposed school house cannot be erected for less than \$10,000, more than the \$22,000, which was used to cover the cost of building, yet in justice to the architect and to gain information for the board, contractors will be asked to submit bids for the construction of the school.

The advertisement was ordered published at once, so the bids could be read as soon as possible.

IN MEMORY OF THE LATE E. J. FENNON.

The memorial exercises in memory of the late E. J. Fennon, who, for eighteen years, was registry clerk in the Oakland postoffice and whose death took place just month, will be held at Fraternal Hall, 165 Washington street, on Thursday evening, under the auspices of Pacific Lodge, No. 7, A. O. U. W., of which he was a prominent member. There will be eulogies pronounced by Past Supreme Master Wm. H. Jordan, Past Grand Master E. W. Marston and W. J. Peterson, and Chas. E. S. Cook, representing the O. U. W. organization. Mrs. Eva C. Coogan of the degree of honor and Mark M. Thomas, in behalf of the Woodmen of the World, and in addition, there will be a musical program suitable for the occasion and a reading by Miss Bertha M. Clay, of Ivy Lodge, No. 4, D. O. H.

OFFICIALS COMING TO CALIFORNIA.

DENVER, July 15.—President H. G. Burt of the Union Pacific and President Marvin Hough of the Chicago and Northwestern are in Colorado en route West. It is stated that Mr. Burt will stop over at Hanna, Wyo., for the purpose of making an investigation of the mine where the explosion occurred causing the great loss of life recently. Mr. Hough will continue westward to California.

FIGHTING FOR HIS LIBERTY.

DENVER, July 15.—The extradition of William Fazon, wanted in Seattle, Wash., on the charge of swindling by means of a gambling device, is being stubbornly fought before Governor Peabody. Fazon claims that he is not responsible in the case and that the real gamblers are remanding his to prosecute his testimony against another. The application is also being opposed on technical grounds.

Governor Peabody has taken the matter under advisement. Fazon was arrested in this city about a week ago.

DAVIS AND THE STAGE.

MRS. LOUIS BELMOUR, WITH THE MORDANT-HUMPHREY COMPANY AT THE MACDONOUGH THEATER.

Edwards Davis, whose early appearance at the Macdonough, is occasioning unusual interest, if telephone calls and messengers for seats, as any evidence, was asked at the theater today his opinion of the moral surroundings of stage life. In reply, he quoted a speech from the part of Donald Devries addressing Cleopatra, the leading female role in "The Unmasking," which is to be played by the accomplished actress, formerly an Oakland girl, Miss Ola Humphrey. "You cannot be Caesar's Cleopatra, Pericles' Aspasia, and Richelieu's Milad— and still be my Cleopatra. When we assume characters, that which we seem to be we are too soon will become, for when the novitiate passes through the portals of the stage, or in more realistic language, the grim stage-door—that door which knows no outward turning—a new world is within, where vice wears the vestments of virtue, and manhood wears a mask. But that one who endures the initiatory rites of much trudging, toll, temptation, and remains unbroken, unravaged, unrepenting, hath won a right to wear a robe of righteousness and the garland of immortality. But no, you will play a servant part, and at that sometimes a servant without pay; or worse, the ingénue, the duped débutante, and then the character—at last upon the broad stage of the world—born, forsaken and forgot. Can you play the part of a queen, if the king rules, but if the queen debates the dictates of the king, you must either abdicate or be deposed, to find as you successor a more emotional actress. You understand?"

THE LATEST NEWS

HELD UP AT POINT OF PISTOL. CLOSE CALL FOR GUESTS. DESERTED HIS YOUNG BRIDE.

Grass Valley Woman Apartment House in San Francisco in Married Quickly and Has An Exciting Experience.

GRASS VALLEY, Cal., July 15.—One of the most daring robberies ever recorded in this city occurred shortly after midnight this morning, when two masked men entered the home of Mrs. F. Titus and searched the house while holding Mrs. Titus at the point of a pistol.

Her son was absent at the time the burglars evidently knew.

Mrs. Titus was summoned to the door by a ring of the bell.

The men covered her with a revolver and threatened her with death if she made any outcry.

They secured about \$20 in cash, but thoroughly ransacked the place in search of other valuables.

CAN THE BOARD ASSESS?

STATE EQUALIZERS MAY CONTROL SAN FRANCISCO STREET RAILROADS.

SACRAMENTO, July 15.—At the meeting of the State Board of Equalization this afternoon, the matter of assessing the property of the United Railroads of San Francisco was taken under discussion and the secretary of the board was instructed to ask again for an opinion as to the rights of the board in the matter.

It is believed that the merging into the United Railroads of the San Francisco and San Mateo electric road, which runs into two counties gives the board the right to assess the entire system.

SAYS COMPANY IS MISMANAGED.

TRENTON, N. J., July 15.—Chance Magee today granted a rule to show cause why a receiver should not be appointed for the Universal Tobacco Company. The rule was granted on the applications of Edwin McAlpine and is returnable at Jersey City August 31. The assets of the company are given as \$1,155,000 and the liabilities at \$862,745. It is charged, however, that assets of \$532,000 represent raw material which would not bring over \$275,000 for forced sale, and that the machinery, which is valued at \$227,000, would not bring over \$60,000.

It is also charged that the company is mismanaged by W. H. Butler, its president, in the interest of himself and brother George P. Butler, both stockholders. It is particularly charged that Butler is using his opportunities for the benefit of the Commonwealth Tobacco Company, in which he is interested.

STONE BID ON GOVERNMENT JOB.

WASHINGTON, July 15.—Bids were opened today in the Interior Department for the construction of fifteen miles of canals, tunnels, etc., for the diversion and conveyance of water from the Truckee river, between Clark's station and Wadsworth, Nev., to irrigate lands in the Truckee and Carson valleys. The specifications called for the work in three divisions. The bid of McNamee Brothers of Omaha, on division No. 1, were for \$800,000. The following bids were received for the entire work:

Atlantic, Gulf and Pacific Company, San Francisco, \$1,098,059; Charles A. Warren & Company, San Francisco, \$906,778; E. B. & A. L. Stone Company, Oakland, Cal., \$1,161,44.

The awards will not be made for several days.

CALIFORNIA EXPRESS JUMPS TRACK.

REDDING, Cal., July 15.—The dining car of the California Express left the rails near Lamoine last night and bumped along on the ties for a short distance, without any further damage than a delay to traffic of three hours and a half.

EPIDEMIC SPREADS OVER HAWAII

HONOLULU, July 15 (By Pacific Cable).—An epidemic of dengue, a painful disease peculiar to the tropics, appears to be sweeping over the islands. Over 150 cases have been reported, but there have been no deaths directly attributable to the disease.

Some good grocers don't sell Schilling's Best, and some poor ones do; no doubt, but the rule don't run that way.

PLACERVILLE BANK.

PLACERVILLE, July 15.—The Bank Commissioners have granted permission to the Thomas Alderson private bank to incorporate as the Alderson Banking Company of Placerville, with a capital stock of \$20,000, fifty per cent of which is paid up.

A MENACE TO CONSUMPTIVES

Positive Danger in EXPERIMENTING with Prof. Hoff's Prescription Unless the Genuine Is Procured.

There are people in this world heartless enough to prey upon the credulity of men sick unto death who are ready to grasp at straws. They put before the public with alluring statements what are alleged to be cures for consumption. Much valuable time is wasted by patients in experimenting with them. So far as the world of science has been able to ascertain, there is but one cure for consumption and that is by means of the prescription by Professor Hoff.

The unprecedent success of the genuine Hoff Treatment has excited the avarice and greed of certain unscrupulous parties and led to substitution and imitations purposely intended to mislead the purchaser. While the most flattering tribute which can be made to the sterling worth of the Hoff remedy is imitation, it is unfortunate for the unsuspecting public that these substitutions are imitations in name only of the authorized Hoff Cure. It therefore becomes necessary for us to warn all Persons NOT TO ACCEPT ANY "HOFF CURE" UNLESS THE BOTTLE IS STAMPED WITH THE REGISTERED TRADE MARK OF PROFESSOR HOFF AS REPRODUCED BELOW.

As showing that it is positively dangerous to take imitations of the Genuine Hoff Cure, these letters are eloquent.

Bendiner & Schlesinger, New York:

Dear Sirs—I have sent to you for analysis a bottle of medicine claiming to be the Hoff Consumption Cure. Whatever is in the medicine is certainly not killing the lady that was taking it, and as she got and was taking it, my recommendation. I had to take this course. If you will tell me what the contents are and why it should effect her in such a manner you will confer a favor for I do not want to be the CAUSE OF ANY ONE'S LOSING A LIFE. My son is getting slowly. The Hoff has done its work for his lungs. Do you think the imitators are taking up the space in the article can be sued for fraud? Don't think I am trying to impugn on your side of it for the sake of suffering humanity. I write to you as you were my son's physician for if had not been for what was published in the Examiner my son would have been taken from me. MRS. L. E. CROWELL 6 Henrietta Sq., San Francisco.

NOTE—The bottle forwarded by Mrs. Crowell was thoroughly analyzed in our laboratory. It was put up at \$1 sold to an unsuspecting woman as the genuine Hoff Consumption Cure. One of the most important ingredients called for by Professor Hoff's prescription was missing, and a dangerous substitute had been added. The result of this substitution is told in the above letter. This case but emphasizes what we have said before—that it is dangerous to buy the prescription unless it bear the triangular trade mark of the American Bureau. Mrs. Crowell had procured the Hoff Cure from us by mail which benefited her son.

Here is another result of getting the wrong medicine:

Bendiner & Schlesinger, New York:

Gentlemen—Enclosed find \$1.00, for which please send me a bottle of Professor Hoff's Consumption Cure. A druggist in our city claimed that he could compound the prescription and I allowed him to do so. Before he took it a week I became faintly drowsy and thought my son had come. I have derived great benefit from the two bottles I procured from you, so please send with as little delay as possible. BRANTLEY J. SEYMOUR, 211 East Thirty-second street, Savannah, Ga.

WILL GREET THE VETERANS.

GRAND ARMY MEN WILL BE WEL-COME IN OAK-LAND.

The executive committee on Alameda County Day for the Grand Army of the Republic held a meeting yesterday afternoon in the Board of Trade rooms. J. W. Evans was elected chairman of the executive committee and Edwin Stearns secretary.

During the meeting the manner of entertainment, transportation, the amount of money necessary, and other important matters were discussed. It was voted to arrange free transportation, if possible, for the members of the Grand Army on Alameda County Day, between San Francisco and Oakland.

Major Olney stated that he had called upon the San Francisco Committee and had learned that on the day originally set for Alameda County Day of the number of G. A. R. men in the city, eleven hundred delegates, and would on that day sit in the convention. The San Francisco Committee suggested that Friday, August 21, should be set aside as Alameda County Day, and the delegates to the convention would be so notified.

Major Olney, in his official capacity, will invite the mayors, presidents of City Councils or the executive heads of Berkeley, Alameda, Hayward, San Leandro, and Pleasanton to appoint committees to represent their several sections on the general committee. The number of committees to be selected by each place was

left to the appointing power. The entire committee will be asked to meet in the rooms of the Oakland Board of Trade, 522 Twelfth street, next Monday afternoon, July 20, at 3:30 o'clock.

It was voted to furnish luncheons for the veterans and their families under the willows on the shores of Lake Merritt.

A suggestion was made at the executive meeting that the Grand Army men and their families be given every opportunity to visit the interesting points in cities and towns on this side of the bay and to that end the committee on enteralment to be appointed hereafter, will either try to make arrangements with the street railway company that the G. A. R. button will on Alameda County Day be equivalent to car fare, or the committee will request only the carriages in Oakland, Berkeley, Alameda, Haywards and, intervening towns to place their vehicles at the disposal of the committee.

Major Olney was of the opinion that the veterans would enjoy a drive in Oakland and suburbs and expressed himself as positive that the patriotism of citizens in Oakland and surrounding cities and towns would furnish a sufficient number of carriages to the committee so that each veteran and every member of his family would be given an opportunity to enjoy a drive in Alameda county.

The appointment of committees on finance, transportation and reception was left to the chairman of the executive committee.

The chair appointed as the committee on transportation, Messrs. L. A. Beretta, Theodore Gier and Edwin Stearns.

It is the intention of the committee to make Alameda County Day one of the principal features of the coming convention of Grand Army men, and to that end the committee will ask the hearty support of all citizens of Alameda county.

Mayor Olney will within a few days, issue an appeal to the people of Alameda county to do all in their power to make the visit of the men who went to the front when the country was in peril, a red letter day and one that will be recalled upon the return to their homes as one of, if not the most enjoyable day of the encampment.

TO ASSIST LIPTON.

NEW YORK, July 15.—Sir Thomas Lipton's request for the use of some of Uncle Sam's expert sail-makers to assist Rasetay, the English sail-maker, in cutting new sails for the Shamrock III has been granted by the Navy Department.

Six men have been picked from the force at the sail loft at the Brooklyn Navy Yard, and generously cheered by their fellow workmen, who were all eager to share in the work, they at once left for City Island, where Rasetay's shops are located. They have been granted unlimited furlough, and an unusual concession, have been allowed by the Sail-makers' Union to work with the non-union English sail-makers.

J. Ellis, Alameda County Manager Sun-

set Telephone and Telegraph Company,

Oakland, Oakland Exchange.—An at-

tempt was made to organize a so-called

telephone operators' union in San

Francisco. It failed, but failure de-

termined the telephone operators to

organize the telephone operators so

that they may be used as a cat's paw to

pull the chestnuts out of the fire for

the benefit of the male organizations.

It has always been the policy of this

company to treat all men in the

best possible manner and any grievance

or any supposed grievance they have

will be promptly listened to, and satis-

factorily adjusted.

It is a fact that unions of men do not

protect unions of women. In times of

war the men do not want women

of the men. I ask the telephone opera-

tors of Oakland the same as I have done

at all other places, to rely for their

protection upon the officials of the tele-

phone company, and I promise them satis-

faction.

longs to or who is engaged in organiz-

ing a telephone operators' union."

Bendiner & Schlesinger, New York.

Gentlemen—I write to let you know that my remedy is curing me of a bronchial asthma of nine years' standing. Since taking the Professor Hoff Cure for Consumption I can say I feel like a new man. My appetite is just about as good as it ever was before the beginning. Arthur has entirely disappeared; I can now taste and smell and breathe easily. Rightness across the chest and pleurisy gone. The doctor has been pleased to say that my condition is improving every day. Your Hoffs' Cure is worth its weight in diamonds. I gave up all hope until I got hold of your medicine, but now I have a new hope and a new courage. I have a new lease of life.

Meissner, Bendiner & Schlesinger:

Dear Sirs—Please send me at once two bottles of Professor Hoff's Cure for Consumption. I am not using all this medicine myself. Indeed, I have a bottle of your Hoffs' Cure occasionally. I have been "rassing it along" to those who need it.

SPORTS AT DEL WHEELMEN WILL
MONTE. NOT RACE.

GREAT CARNIVAL OF OUT-OF-DOOR PASTIMES IS PROMISED BY THE MANAGEMENT.

The great carnival of sports will be held at Del Monte this year. It will, no doubt, surpass anything ever attempted by the management. This does not, however, certify that there will be a race on that date as many of the wheelmen have declared that they will not participate.

The Oakland wheelmen will not enter a team and it is doubtful whether the New Century's will compete or not.

The Oakland Wheelmen say that their refusal to enter is based principally upon the danger of the contest.

The Bay City Wheelmen held a very pleasant run to Mount Diablo yesterday. Nine of the club's riders left this city Saturday afternoon and crossed the bay to Berkeley. From Berkeley the cycling devotees pedaled to Walnut Creek, where they enjoyed a fine dinner at 6 o'clock. From Walnut Creek, the riders proceeded to Danville and then to the base of the mountain. Three hours was taken to reach the summit, where a big fire was built at 2:20 a. m. Sunday. The wheelmen had a good glimpse of the sunrise and by 8:30 o'clock the bicycle enthusiasts were again at the base of the mountain. Then it was ride again, and from Danville the wheelmen rode to San Ramon Hill and then to Hayward. After a short stop the riders proceeded to Fruitvale, from which place the train was taken, the boys arriving here at 8 o'clock Monday afternoon. Everything was fine and each one pronounced the trip a grand success.

It is expected that the San Mateo Hunt Club will send down the pack and every morning there will be a ride to the hounds. This part of the program is in the hands of Francis J. Carolan.

From August 8 to 11 the members of the Automobile Club of California will hold the attention.

The sixteenth it is planned to have two of the star teams of the California Lacrosse Association go down and play an exhibition game on the sixteenth.

During the two weeks of sports and pastimes Francis J. Carolan, E. D. Beylard and W. C. Clark will drive their coaches each day on the 17-mile drive.

Another feature planned is to have a yacht race from Del Monte to Santa Cruz and return. The Ramona and Lorraine are at Santa Barbara, and with some of the yachts of the bay a good race will be seen.

FUNERAL OF MISS WHEELER.

The funeral of Miss Lavina Wheeler, who died Sunday, aged over 100 years, was held yesterday afternoon from her late residence, 1653 Grove street. The services were conducted by the Rev. Dr. Sundland, a retired Baptist clergyman, and an old friend of the aged lady. Miss Ruth Waterman sang "One Sweet Sorrow Touched" and "Asleep in Jesus." The interment will be at Sacramento.

The Heeseman baseball team will play a regular League game with the Jesse Moores at Freeman's Park next Sunday at 12:30. Both teams are now in fine fettle, and a great contest is expected.

The Joaquin team and the Baggetts will play immediately after the Heeseman-Jesse Moore game for a purse of \$50. Both teams present very strong line-ups, and it will be a game well worth watching. Larry Moore has consented to play first base for the Joaquins, and this will be a great attraction. As he is playing the infield his wife, the lady of them, Ruth, managers are telling their teams about the banquet the team will get after the game is won. George Egle will pitch for the Joaquins and Pierce will twirl for the Baggetts.

GERMS AND
MICROBES

FOUND IN COUNTLESS MILLIONS IN THE DUST AND DIRT OF THE STREETS; SWARMING IN THE POLLUTED AIR OF SHOPS AND FACTORIES, AND INVASING THE HOMES OF THE RICH AND POOR.

Germs and microbes assail us on every hand and surround us on every side; there is no possibility of escape from these little enemies to health and life, for they are invisible to the natural eye, and give no signs of their presence. We carry them about in our clothing and unconsciously inhale them into our lungs, and take them into our system with our food and drink. These smallest of all living things get into the circulation, causing fermentation and deterioration of the blood and wreck and ruin to the whole system. They feed upon the elements of the blood, rob it of its health-giving, nutritious qualities, destroy the red corpuscles and reduce it to a thin watery state, when it can no longer supply vigor and strength to the body which succumbs often to the simplest disease.

When germs and microbes find a lodgment in the blood it means an end to good health.

The decline may be gradual but is sure. One after another the different organs of the body are affected, the Liver becomes torpid, the Kidneys fail to act, the Stomach is thrown out of order, the digestion becomes weak, the constitution runs down, an indifferent lifeless condition ensues, and disease fastens itself upon the helpless victim because of the germs and microbes at work in the blood.

Malaria, Aenemia, Chronic Ulcers, Dangerous Fevers, Carbuncles and Boils and many wasting debilitating diseases are due to a polluted germ-infected blood. No one can feel well or is well whose system is at the mercy of these insidious and unseen atoms of destruction and foes of human health and happiness.

They must be driven out and the weak sluggish blood invigorated and made rich and pure again before the debilitated system can rally and good health is again established. S. S. S. supplies all the needed properties to the watery blood and removes all obstructions to a full and free circulation, resulting in renewed strength and vitality, better appetite and digestion and the certain upbuilding of the health. S. S. S. by keeping the blood in its natural purity and strength prevents the accumulation of germs and microbes or other impurities in the system and thus lessens the danger of infection from these blood contaminating health destroying pests.

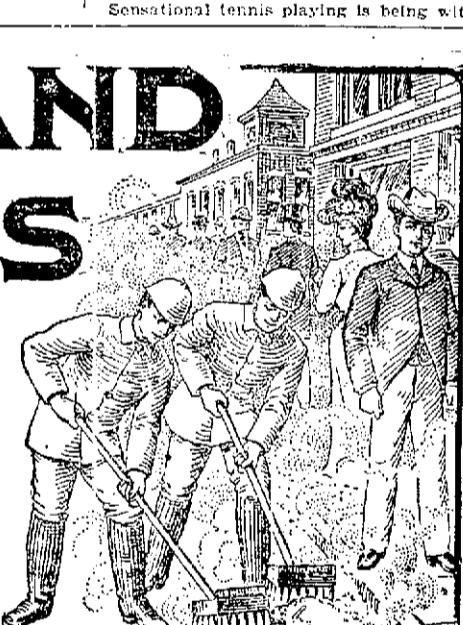

As long as there is a perfect circulation of pure blood throughout the body we enjoy freedom from disease and the blessings of good health. S. S. S. contains no mineral ingredients whatever, but is guaranteed strictly vegetable and harmless.

POISONED BY THE GERMS OF MALARIA.

I began using your S. S. S. probably 10 years ago for Malaria and blood troubles, and it proved so good at that time that I have continued ever since using it as a family remedy. Recently one of my children was troubled with large, painful boils on the back of his neck; after suffering with these for several months, we tried S. S. S., and am glad to state that a bottle and a half cured him entirely.

It is a pleasure for me to recommend S. S. S. for the benefit of others who are needing a first rate blood purifier, tonic and sure cure for Malaria.

OAKLAND TRIBUNE

THE FRUIT-SHIPPING HOGS.

The market for California fresh fruits is again being injured by the greed of shippers who take advantage of high prices to work off unsaleable stuff. Complaints are coming from the East to the effect that unripe and decayed fruit from California is being thrown upon the market by unscrupulous shippers and commission men. This tends to lower prices and makes the sale of California fruit more difficult. It is needless to say the reputation of the State is suffering, more than that, every grower in California is injured by throwing on the market green or decayed fruit.

Greed is always shortsighted, however, and is never a stickler for honest methods. Ever since we began to ship fresh fruit from this State to the East the business has been periodically given a black eye by those who send to market orchard products only fit to feed to the hogs. Such money ship when the market is strong and prices good; but the inevitable result of their exploitation is to glut the market with a quality of fruit that is a shame to the orchards of California and a reflection on the commercial honesty of the shippers.

As a rule, sending this class of fruit to market proves to be unprofitable to the individual, which is rather a cause for rejoicing than of sorrow; but the real evil resulting from the practice is the harm done to California fruit interests in general. One set of shippers of unripe and half-rotten fruit get their lesson and retire only to give way to another set of men whose greed is stronger than wisdom and honesty. In consequence, the reputable shippers are continually being compelled to meet this practical competition and to live down the impression it creates in the Eastern mind.

President Benjamin Ide Wheeler has at least succeeded in making a burning issue of the cigarette.

The lynching mania is infecting the army. A few days ago a party of soldiers, aided by a few civilians, attempted to lynch two negroes at Leavenworth, Kansas, but were killed by a body of police armed with rifles. The negroes had engaged in a row with some soldiers, and one of them had fired several shots at a soldier without injuring him, however. This affair illustrates the extent to which the lynching evil has grown. Nobody was killed or even seriously hurt by the men threatened with lynching. The row itself was a trivial affair due to whiskey more than anything else, and it is hardly likely that the blame was entirely on one side. It is clear that lynching would not have been thought of in this case but for the demoralization wrought by the lynching epidemic. The country is drunk with disorder and violence, and it must be brought to its senses if we are to have any reform. Perhaps the best way to restore sanity and sober respect for the law is to enforce it with ruthless severity. Shooting down rioters, as was done at Evansville, is a painful method of impressing a lesson, but it is salutary. It is an awful example that is not likely to be forgotten or ignored. The limit is reached when lynching bees are organized to square up bar-room brawls.

While we all wish Cardinal Gibbons a safe voyage, it is not probable that his presence at the Grand Council will materially affect the choice of a successor to Leo.

The reaction against co-education has not spent its force. President Harper of Chicago University has taken more decided steps to segregate the sexes, and the new enrollment at Wesleyan makes the significant showing of a decided increase in the number of male students and a decrease in female students. A few years ago there was a decided protest at Wesleyan because of the constantly increasing proportion of women. In some way means were found to encourage women at that institution, and ever since the male students have been increasing in number and the females declining. Before this movement set in the increase of women students was so rapid that they threatened to soon outnumber the men. Is this revulsion against co-education only sporadic and temporary or is it the mark of a settled and growing conviction? It is noticeable that many of the educators who defend co-education do so with a qualification and in an apologetic tone. This indicates somewhat of uncertainty, for the man who explains and qualifies is not a staunch advocate; nor is he sure of himself than others are of the firmness of his convictions. The old-time militant advocacy of co-education has changed to lukewarm defense of it, as one who reads current discussion of the education question can readily see.

TRYING TO DENATIONALIZE THE CROATS.

The troubles in Croatia show how enduring are race differences. The Croats are a Slavonic tribe, but their country is subject to the kingdom of Hungary which constitutes one of the grand divisions of the Austrian empire. At one time Croatia was an independent principality governed by its own prince who acknowledged the King of Hungary as his suzerain. Now the principality has been incorporated into the Hungarian monarchy and the Hungarian authorities are trying to make Huns out of the Croats and the Croats are as resolutely demanding that they be released from the Hungarian yoke. They insist upon preserving their language, their local laws and their ancient customs. All these dominant race are trying to abolish and in consequence one of the most ancient and loyal provinces of the Austrian empire is torn by feuds, fierce contentions, riotous disorders and insurrectionary outbreaks. The smaller and subject race refuses to lose its identity and become welded into the Hungarian mass.

While the presumption that arises from silence is that the people of Porto Rico are faring well, we find some more gratifying testimony to that effect in a recent article in the Outlook, written from personal observation, comparing present conditions with those of 1900. One marvels that so much has been wrought in so short a time. Certainly only a few of our people realize the vast extent and revolutionary character of the change for the better. Porto Rico is rapidly becoming Americanized, not only in speech and sentiment but in method and spirit. The people are waking up to the responsibilities of citizenship and to the opportunities afforded in a material way under free institutions.

At San Juan and Ponce are trolley systems of the most modern and up-to-date pattern which are extensively patronized and admirably managed. An automobile express line makes regular trips across the Island from Ponce to San Juan. The cities are brilliantly lighted with electricity, which has been introduced into all the houses of the well to do. The writer of the Outlook article says:

"In Ponce, across the Island, another American trolley line connects the city with the Playa, or port, two miles away, supplanting slow bull-carts and high priced and totally inadequate coach monopoly. Each line in equipment and roadbed is fully up to the standard of the best suburban roads in the States. The San Juan line runs over the grades of the old Spanish tramway through the palm groves of Santurce and Martin Pena to Rio Piedras, seven miles from the capital. It provides fast, clean, brilliantly lighted cars in place of the old, dingy, badly ventilated Spanish coaches covered with soft coal dust. Three years ago the steam tram, on an hourly schedule, was seldom filled. Running ten minutes apart, every trolley-car is filled to overflowing. That difference implies a great increase in the amount of necessary travel in and out of the two cities. But crowds of Porto Ricans, some with the evident enjoyment of children, ride up and down the length of the line every day for the pure pleasure of the journey."

Excepting Curaçao, the "Spotless Town" of the Caribbean, San Juan is the cleanest city in the West Indies. Its sanitary system is a model for American cities. The old eastern water supply has been done away with, and the city supplied by aqueduct from the mountains. Three years ago ice was a luxury; now every town on the Island has its ice plant, and many private enterprises, such as the large American sugar concerns, manage their own refrigeration with ice made on the premises. Telephone systems permeate the Island. Many of the wealthier class drive American horses in American equipments.

The Express says "Los Angeles has not reported any prostrations from heat so far." A few tourists have fallen dead, however, when they received their hotel bills, and quite a number of others have gone home suffering from a bad attack of heart failure.

Commenting on the fact that Kansas farmers are unable to obtain sufficient hands at \$2.50 a day to harvest the wheat crop, a Democratic paper says the bounteous yield cannot be ascribed to the protective tariff. That is true. The soil is not enriched nor the seasons made propitious by duties on imports; but the wage situation in Kansas is affected by the tariff, nevertheless. But for the influence of the protective tariff on wages, men would be harvesting the wheat crop for \$1.25 a day. The tariff does not affect the price of wheat in this country, but it does affect the wages of labor because it creates so many well-paid employments that the wages of farm labor are raised in proportion.

NEWS FROM CITY OF ALAMEDA

MASS MEETING WHIST PARTY IN WANT HOODLUMS
IN ALAMEDA. ENCINAL SQUELCHEDFRANCHISE PROPOSITION IS DIS-
CUSSED BY ENCINAL
PEOPLE.

ALAMEDA, July 15.—At a mass meeting held last night in the old Free Library rooms in the City Hall, a resolution was adopted approving the petition to the Board of Trustees to grant franchises to the Southern Pacific Company to build a line for five years only, with the condition that no fares be charged within the city limits.

The resolution was not adopted until the matter had been discussed from many points of view by several speakers. There were about 600 persons present.

The meeting was called by the Board of Trade, and Henry Rosenthal, president of that body, acted as chairman.

George H. Mastick advocated prudence in dealing with the railroad company. The city, he said, should not be placed in the position of seeming unfair. If the company was jammed, he said, it might reluctantly tear up its tracks on Railroad avenue, leaving only the South Shore line.

Another citizen suggested that the gates of the city be maintained, but the fares remained. David Hirschfeld favored granting the company franchises for three years.

Major H. N. Chapman, to show that the franchises were valuable, cited the fact that the late Theodore Metz sold to the Oakland Transit Company a franchise that cost him nothing for \$30,000 after having held it for several years.

Mr. Robinson said the value of the railroad company's property in Alameda, when it was owned by Senator Fair, was valued at only \$2,500,000, while now the property was worth \$11,500,000. As the rolling stock had not been greatly increased, he said, the enhanced value must be due to franchises.

Ex-Senator R. A. Dague, spoke in favor of granting franchises for five years, without any promise of fare reduction. George Baker said Oakland was permitting the Santa Fe to enter that city without paying a high price for the franchises, and Alameda should extend the same courtesy to the Southern Pacific, especially as a service should be rendered. Captain H. A. Thompson, Phillips Kierman and J. K. Hauck spoke in favor of granting franchises for five years, with the non-payment of fares in the city. A resolution to this effect was then adopted.

The petition of the merchants will be circulated, and after all available signatures have been obtained, will be presented to the trustees.

LADIES OF CARITA CHAPTER
PLAN A PLEASANT
AFFAIR.

ALAMEDA, July 15.—Friday night the ladies of Carita Chapter, No. 115, Order of the Eastern Star, will give a whist party in the banquet hall of Masonic Temple, the proceeds of which are to provide for the wants of a member of the order, who is sick.

The ladies in charge of the affair are: Mrs. Nottting, Miss Ada Nobmann, Miss Carr, Elckhoff and Mrs. George Thompson, assisted by the worthy matron, Mrs. Weber.

FREE DISCUSSION.

ALAMEDA, July 15.—The public is invited to a free discussion of the subject: "Is There a Labor Problem? Can It Be Solved?" at Holt Hall, on Webster street, at the West End, on Saturday evening, next at 8 o'clock. Miss Lena Morrow will open with an address upon the topic, to be followed by questions and discussions.

ANOTHER NEW BUILDING.

ALAMEDA, July 15.—C. H. Fairchild has contracted with D. Brehant for the erection of a two-story dwelling at San Antonio avenue and Paru street. The improvement will cost about \$4,500.

DEATH OF AN INFANT.

ALAMEDA, July 15.—Harry Lewis Moeser, infant son of Oscar Moeser of 1106 Court street, died yesterday and the funeral will take place tomorrow. The child was 9 months of age and the cause of death is given as spinal meningitis.

AN AMERICAN ORDER.

ALAMEDA, July 15.—Monday evening next there will be an important meeting of the Order of American Boys, Golden Gate Company, No. 16, and Captain Burns is very anxious that all the members shall be present at his home, where the gathering is to take place.

DOG POISONED.

ALAMEDA, July 15.—Some miscreant yesterday afternoon poisoned the valuable mastiff belonging to Hattery Brothers of 1534 Webster street, and they would like to have personal interview with the fellow who did it, for which reason he is doubtless keeping out of the way. The animal weighed 165 pounds.

THANKS FOR THE
OAKLAND TRANSIT.

The Oakland Transit Consolidated is in receipt of a letter from the brother of W. H. Allen, the TRIBUNE reporter who was killed as the result of a fall he sustained from an electric car. The company contributed \$250 to defray the expenses of his funeral. The letter is as follows:

"San Francisco, Cal., July 14, 1903.
"Mr. Harmon Bell, 148 Sansome street, city—Dear Sir: I am writing you this letter to try in some manner to express my thanks and the thanks of my family, feel towards the Oakland Transit Company for the kindness which they, and especially, have shown us in the sadness which has come to us through my brother Will's death."Although the accident which resulted in his death occurred while he was a passenger on one of the Oakland Transit Company's cars, I want to tell you that we all feel that it was due entirely to his failing eyesight that he fell off while groping his way to the door, and that it was not in any way due to any negligence on the part of either the motorman or conductor, or to any excessive speed of the car. In fact, we do not now feel that the company was entirely blameless, but that the way in which the car people put themselves out in order to make him as comfortable as possible while he was being taken back to the hospital in one of the company's cars was, to say the least, an act of the greatest kindness. I assure you, sir, that the kindly feeling that the Oakland Transit people have shown throughout this entire season of sorrow has been a very great comfort to my mother and father, and to us all. Yours very truly,
"ERNEST ALLEN."FIVE YEARS
FOR A MURDER.

PITTSBURG, Pa., July 15.—Dr. Walter P. Kountze, convicted recently of killing John E. Walsh, a wealthy contractor of this city, while the latter was walking on the street with Mrs. Kountze, was sentenced today to five years in the penitentiary. Mrs. Kountze, who was seriously wounded at the same time has entirely recovered.

READY TO MAKE AN ATTACK ON CIUDAD BOLIVAR.

SOLEDAD, Venezuela, July 14. 6 P. M.—Yesterday morning the remainder of the Government war vessels with four small craft in tow, arrived off Ciudad Bolivar without accident. The torpedoes placed by the revolutionists in the Orinoco river, did not explode when the fleet passed them.

Ciudad Bolivar presents an extraordinary appearance. On all the Government buildings, the white flag, an emblem of the revolutionists, is hoisted, and more than 200 American, German, French, German, British and other ensigns are flying over private houses. From a distance the city appears to have been converted for a holiday.

At 1 o'clock yesterday afternoon, firing was heard north of Ciudad Bolivar and immediately afterwards, the river steamers recently captured by the revolutionists, the majority of which are the property of the Orinoco Steamship Company, the others being owned by the American Crocodile and Bird Hunter Company, hoisted the American flag. Ten minutes afterwards, however, the flags were lowered by order of the revolutionists.

At 5 o'clock yesterday afternoon, the steamer Socorro, displaying a flag of

truce, left Ciudad Bolivar and went alongside the Venezuelan warship Bolivar, the flagship of General Gomez, commander-in-chief of the Government forces, on board of which a conference took place between the priest who left Ciudad Bolivar and visited La Soledad on the opposite bank of the Orinoco Saturday, bearing an American flag and a flag of truce, and other personages.

At 9 o'clock p. m. The Socorro returned to Ciudad Bolivar with a letter from General Gomez. At the same hour, heavy shelling and rifle firing was heard south of Ciudad Bolivar.

Shortly before six o'clock this morning (Tuesday), the Government troops commanded by General Rivas, the first lieutenant of General Gomez, were under arms about ten minutes' march from Ciudad Bolivar, ready to begin an attack on the city. A strong battery of guns had been established on a hill overlooking Ciudad Bolivar and was preparing to open fire on that part of the city where all the ammunition received recently by General Bolando, the revolutionary commander, is stored.

It has been learned that many women and children escaped from Ciudad Bolivar yesterday before the arrival of the Government troops. Among those were many foreigners.

UNION PACIFIC SAYS HE DID NOT SELL NOTES.

WILL FINANCE REQUIREMENTS OF AFFILIATED COMPANIES.

MONTANA JUDGE DECLARES HE DID NOT SELL OUT TO LAWYER.

NEW YORK, July 15.—It is officially stated that the Union Pacific Railroad Company, for the purpose of financing requirements of affiliated companies, have sold \$10,000,000 one and one-half year, five per cent, notes. The Union Pacific, it is said, has an excess of funds from its own earnings but has deemed it well under prevailing conditions to sell notes.

... HAF ASO., and from these to draw on its credit for the benefit of its affiliated lines, the surplus earnings of which, it is said, will provide for the bulk of these advances.

The Union Pacific Railroad itself, it is said, has no immediate need for money but the subsidiary lines, mostly the Southern Pacific, were pressed for funds for improvement.

Ordinarily the company would have offered bonds, but because of existing conditions in the stock market, this was deemed inexpedient.

It was reported that a portion of the money borrowed would be used to pay the interest for the Los Angeles trolley system which was recently acquired by the Southern Pacific interests.

MAKE CONTEST.

TO HAHN WILL

The expected contest over the distribution of the Hahn estate materialized this morning when John P. Beck and Adolph A. G. Hahn filed an objection to the probating of the estate of the late Kathrina Hahn in accordance with the provisions of the will.

In the will George H. Hahn and Ross S. Barron were named executors and co-trustees of the will. With the filing of a petition for the probate of the will Beck and Adolph Hahn filed a contest, alleging that they were both sons of deceased, and made their account of extreme old age, their mother having died from making a will or property attributing it to her; third, that she was coerced into signing the same by the undue influence of George H. Hahn and Ross S. Barron, whom they allege, represented to their mother that they were habitually addicted to the use of intoxicating liquors and that they would squander her property; that the estate is worth \$100,000.

This first contest was dismissed and was, therefore, the estate had been compromised. Today, however, another contest was filed. This time the mental condition of the deceased is not attacked, but it is urged that by the terms of the will she attempted to create a trust and that attempt is invalid for the reason that the creation of such a trust is not permitted under the laws of the State of California.

MATTERS BEFORE PROBATE COURT.

Public Administrator George Gra was appointed administrator of the estate of Ole J. Olson this morning.

F. E. Watkins was this morning appointed the legal guardian of his person and estate. Ole J. Olson, Crozier Crozier and Vernie Crozier were present with their mother, Ole J. Olson, at Hackberry, Arizona. The administrator was for the purpose of caring for the interests in the estate of Samuel Crozier, deceased, whose estate is now being probated.

Petition was made this morning by Anne Horgan, wife of George Horgan, to be appointed guardian of his person and estate. It is alleged that he is 69 years of age and incompetent.

W. J. Nally was appointed a co-trustee of the estate of Thomas Shaddock, deceased, this morning by Judge Ogden Shaddock died in this city June 25, leaving an estate valued at \$450.

Petition for the final distribution of the estate of Ole J. Olson was filed this morning by F. E. Watkins.

BOYS OVER-DRIVE PREVENT SPREAD OF DISEASE.

ANIMAL FALLS AT GOLDEN GATE CIRCULARS OF INFORMATION FROM SHEER EXHAUSTION.

GOLDEN GATE, July 15.—All was quiet yesterday in this little "burgh" until afternoon, and then there was temporary excitement at both sides of the place. At the north end there was the usual ball game, and at the opposite side there was a stir about a horse that had fallen on San Pablo avenue and was viewed by almost every one who could get near enough.

HOW IT HAPPENED.

It appears that Ed Muntz and Frank Prudus, both of "greater" Oakland, had gone out for a drive with a thin, sore-backed, sore-kneed, half-starved horse that ought to have been proper against some fence to keep him standing; that they had gone up in the hills and were returning, and that they had worked the animal beyond his capacity for work. Just after crossing the railroad tracks the equine gave out completely and fell on the street where he lay in what appeared to be a dying condition.

The frightened youths rushed around until they found a telephone, when they placed themselves in communication with the poundman and told him to come and remove the remains.

The boys then made their escape out of the country, or something like that, because they disappeared without waiting to see what the quadruped was really dead or alive.

Finally some one thought weakness from hunger might be the real disease of the beast and brought him an armful of hay from a neighboring barn, whereupon the Rodriguez roused himself and fell to with avidity—and the crowd scattered.

Evidently the animal had been overdriven and underfed, and the boys should have received, as a lady said, the immediate protection of care and the help of the Society of the Prevention of Cruelty to Animals.

CANNING FACTORY OPEN AGAIN.

MANY HANDS ARE EMPLOYED AT HAYWARDS PUTTING UP FRUIT.

HAYWARDS, July 15.—Hunt Bros. cannery started up again yesterday afternoon, after a short period of idleness. The cherry crop was very light this year, necessitating the shutting down of the plant after a very short run, as it took but a little time to can all the cherries grown in the vicinity this season.

About 300 hands are now engaged in putting up apricots and as many more will be employed within a few days, when the fruit begins to come in in larger quantities, and the factory gets to running to its full capacity.

The first supply of apricots came from the vicinity of Haywards and one carload was received from Niles, Monday evening.

According to the present outlook, the crop this year will be a most excellent one. The trees are all loaded with very promising fruit, and the growers feel that they will be almost compensated for the poor crop of cherries they gathered last month.

BASEBALL SUNDAY.

The local baseball team will meet the North Ends of San Francisco, Sunday afternoon, on the Haywards Athletic grounds. The game will be called at 2 o'clock.

WORKMEN INSTALL.

The local lodge of Workmen installed officers last evening. An informal social session followed the ceremonies.

TRUSTEES TONIGHT.

The Board of Trustees will hold a regular session in the town hall this evening.

NEW BARN.

Asmussen and Thorp are erecting a fine two-story barn for E. K. Strobridge.

PERSONAL.

George Starr has been suffering with a lame wrist the result of falling from his buggy.

J. B. Rose of the Reid drug store, who has been ill at his home the past few days, is again able to be about.

Mrs. J. D. Smalley and son Dunlap, have returned from their visit in Mendocino county.

B. Hale of this place, has secured a fine position as book-keeper in Oakland for the Oakland Transit Company.

NATIVE SONS TO INITIATE.

SAN LEANDRO LODGE PLANS AN ELABORATE ENTERTAINMENT.

SAN LEANDRO, July 15.—Estudillo parlor of Native Sons is to have a big initiation and smoker next Monday evening. The lodge was organized last April with a membership of 50. It has been a most successful one from the very beginning, and its rapidly increasing size proves that it will in a short time be one of the strongest branches of the order in the State.

The committee in charge of the coming affair are working hard and an excellent entertainment and "spread" is promised all who attend.

DEATH OF SILVERIA INFANT.

The ten months old daughter of Mr. and Mrs. Antone R. Silvera died Monday morning. The funeral was held today from St. Leandro's church. Interment is in the Catholic cemetery for investigation and report.

WANTS LICENSE.

Ed O'Malley presented an application for a license to permit him to sell liquor which was referred to the License Committee without further action.

ELECTRIC LIGHTING.

As the town's contract with the Oakland Gas, Light and Heat Company for electric lighting will expire in September, it was deemed advisable to generally investigate this subject, some of the trustees thinking it better to have the contract renewed.

The trustees, thinking it better to have the contract renewed.

WIRING COTTAGE AT INFIRMARY.

The Suburban Company this week started an extensive wiring of the new cottage at the County Infirmary.

POISONED DOG.

A big black, shaggy dog, that had been poisoned by some one, attracted considerable attention on the streets yesterday. Anyone had his own special antidote to relieve the sufferings of the animal. Enough stuff was poured down its throat to have killed any ordinary brute.

ARE TO INSPECT COME AND GO AT TUNNEL.

DIRECTORS OF MERCHANTS' EX-
CHANGE WILL NOTE PROG-
RESS NEXT SUNDAY.

REBEKAHS PREPARING FOR A BIG
INSTALLATION THIS EVEN-
ING.

The Merchants' Exchange met last night with a full attendance, in its rooms in the Central Bank building, with President Theodore Gier in the chair.

Wilbur Walker reported for the Tunnel Committee that progress was being made, both in collections and in construction. Arrangements are being made by the Committee for a visit to be paid by the Directors of the Merchants' Exchange to the tunnel next Sunday morning. Supervisor Rowe, of this district, and the representatives of the Press were extended an invitation at the hands of the Exchange. The party will leave the Bank Building in carriages at 10 o'clock and all those who intend to accompany them are requested to notify Secretary Walker by next Thursday.

The following members who were present followed: they would be of the party: Theodore Gier, A. Jonas, W. H. Wellby, D. C. Brown, Wilbur Walker, H. G. Williams, H. N. Gard, J. L. Chappell, G. W. Arper.

Following the action of the Board of Supervisors last Monday at which time it was decided that three representatives be appointed from Alameda county to look out for the interests of the county at the St. Louis World's Fair, President Gier stated that the Board of Supervisors had intimated to him that it would be agreeable to them if the Oakland Board of Trade recommended a member of this Committee, while the Merchants' Exchange could nominate a second and the Board itself would appoint the third from at large.

In line with this suggestion, on motion of George W. Arper, Secretary of Wilbur Walker was proposed as the choice of the Merchants' Exchange to be recommended to the Board of Supervisors for this position.

The Secretary called the attention of the Exchange to the fact that the matter of the annexation of Fruity Vale had been broached to him informally with an idea of enlisting the assistance of the Exchange in the matter. It was the sense of the meeting that until the matter was brought properly before it there was nothing to act upon. The merits of the case, it was stated, were not understood and the Exchange felt that it would not be justified in making any expression in regard to the matter at the present time. The Exchange then adjourned to meet as a Fourth of July Committee.

The Fourth of July Committee was called to order by Chairman D. C. Brown. H. G. Williams of the Printing and Advertising Committee stated that the affairs of his committee were closed and the bills in the hands of the Auditing Committee.

Chairman Theodore Gier of the Finance Committee stated that he was not yet prepared to make a final report yet. He said that there was still about \$200 outstanding that had not yet been paid it, but that it was all good. He stated that in all about \$5,200 had been subscribed and that the list of subscribers would be ready for publication shortly.

Chairman W. H. Wellby of the Decoration Committee stated that the work of his committee was at an end and he thanked the other members for their assistance.

The reports of the other committees it is expected will be ready by next Tuesday evening.

STREET CAR HELD UP.

PORTLAND, Ore., July 15.—Just after crossing Madison street bridge the Oregon City car was held up just before midnight by seven highwaymen, who shot one man and relieved the forty passengers of their valuables.

Immediately on boarding the car they shot in cold blood and dangerously wounded Fred Day of Shellwood, a passenger after he had complied with their demand of "Hands up" an rifled his pockets. One of their number went through the car, while the others stood guard and took whatever they possessed. It is estimated that they secured \$300 in money besides much jewelry.

INDIAN BAND FOR IDORA PARK.

As an extra attraction at Idora Park next week Manager George MacKinnon has been fortunate enough to secure the famous United States Indian band which will make a tour of the country and which will play at Idora Park beginning July 20 to 27. This band, under the direction of Carlo Contrado, has won an excellent reputation throughout the country as a first class band. Mr. Contrado was formerly band-master of the United States Navy, having led various bands on large warships for twenty years. He is also a composer of note, much of his music having been published in San Francisco. This Indian band will play at Idora Park in Buffalo position and at the time received much well-merited praise. They also played for President Roosevelt during his trip through Arizona, and were highly complimented by the late President McKinley at the time of his visit to Phoenix, Arizona. This Indian band is composed of twenty-six full-blooded Indians, who have had from four to seven years' experience as musicians.

Idora Park is located on Telegraph Avenue and Fifty-second street. Telegraph Avenue or Shattuck Avenue.

ATTACHMENT ISSUED.

NEW YORK, July 15.—Following the procuring of a attachment for 14,000 last Saturday against the American Finance and Mortgage Company, having offices at 112 Wall street, the quarters of the concern have deserted, according to the Herald. The attachment was issued to a Brooklyn law firm on behalf of a client. The concern had been investigated by so-called inspectors but all persons to whom they applied for information from the customer's standpoint replied that they were satisfied with the state of affairs. This was some time ago. The former of a well known bank was advertised as chief executive officer of the concern and its operations in the stock market on the "blind pool" system were various times reported as having netted profits of 15 to 20 per cent for the participants.

KINDNESS BRINGS TROUBLE.

ENGINEER EDWARDS IS NOW NURSING INJURIES AS A RESULT.

Big-hearted engineer John Edwards, came to grief a couple of days ago because of his kindly nature and the perseverance of a pair of big farm horses. He was down at San Ramon, and after his duties for the day were performed, he thought he would help some orphan children down there unload a lot of stuff from a car on the siding, so he climbed into the wagon and was as "busy as a nailer," or busier, when the team took it into their heads that they had stood in one position long enough and suddenly started off. Ed was hard on his back to the horses and being unprepared for this movement was thrown violently from the rear of the vehicle, alighting on the hard ground and among the debris, and hurting himself quite badly. His hands were cut, his face grazed, and his forehead bruised. In addition his back was severely wrenches. As a result he is lying up to rest and refresh himself and will be off duty for several days.

CAME VERY NEAR BEING BADLY WRECKED.

Quite a large number of the men at the yards are patrons of the bicycle, and they are, generally, experts. Yet experts have their troubles with the frisky wheel as well as amateurs.

A couple of mornings ago George C. Adams, one of the good riders, came very near being numbered among the wheel he had borrowed and to which he was not accustomed. In coming through the big gate, which is really narrow for wheels as the track passes by the gate post so closely, the wheel "wobbled" struck an obstruction, and threw the rider against the post, painfully injuring his shoulder. Engine 1081 came along the track just at this time and came near making a total wreck of both rider and wheel. Although pretty sore from the effects of his shaking up, Adams says he will be all right when it comes time to go camping with the boys and they can prepare to count him in.

NOTES AND PERSONALS GATHERED ABOUT THE YARD.

W. Dunn, operator, and George McCloud (whose nom de plume about the yard is Rockefeller, because of his daily association with the oil tank) will set out for Lake Tahoe for a month's sport. They have laid in sufficient bait and traps, if all the reports are true, to flatten several acres of the fauna, tributary to the big new "wonderful" passenger engines for use on the divisional line at the yards yesterday afternoon. There are four more to follow, all of which are expected here shortly.

R. C. Monk and family will shortly go up to camp, fish and hunt in the Truckee river country and will be absent three weeks.

A few new men were put to work on bridge No. 2 yesterday, and things are humoring on that job now.

All the docks at Long Wharf are filled with vessels unloading and loading in that section is extremely brisk. The steamer South Coast has just finished discharging lumber. The steamers Alameda and Corona are discharging quickly. The steamer Ruth is unloading redwood ties, and the steamer Myneola is getting rid of a cargo of coal.

Ole Bjornson, a newspaper man from Sweden, has just arrived in Oakland and is visiting with Harry Carmen, who was yesterday showing him the beauties of the surrounding country.

Joseph Bivans is expected back from the Yosemite today.

Homer Goss and Robert Fisher left off yesterday to attend a lecture up at Berkeley on the subject of our Phillips' possessions.

M. J. O'Leary, assistant Master Mechanic at Tracy is down on a visit.

Cyrus Perkins, of the office force is going to Capay for a month's rest.

Claudius Felton won two boxes of soap at the Linnean's picnic Sunday and is now supplying the boys at the shop with the article free for the asking.

Blacksmith Ed Driscoll is laid up with an attack of the grip.

Charles Alfred Anderson, for a time a deep water sailor, has quit the briny deep and the quarter deck—or whatever part of the vessel he was a mate in on—and will now run the drop pit barge pumps in Hall's gang.

Alex Greely, rod foreman, will take Brad Myrick's place on the steam pipes during the latter's absence at Shasta.

**MRS. BLAINE IS
DEAD**

**WIDOW OF THE STATESMAN
PASSES AWAY AT
AUGUSTA.**

LOUISVILLE, KY., July 15.—Mrs. James G. Blaine died at the Blaine homestead here today.

Mrs. Blaine was 76 years of age. From Washington a short time ago, she came to the old family residence on State street. She was in an enfeebled condition and had been under almost constant medical attention since. During the past week, she failed rapidly. Her condition was due to a general breakdown of the system.

Mrs. Blaine's maiden name was Harriet Stenwood.

She was the daughter of a leading citizen of the State of Maine. She met her husband while both of them were teachers in a school in Kentucky.

They were married at Pittsburg, and later came to Augusta, where Mr. Blaine became editor of the *Kennebec Journal*.

She leaves one son, James G. Blaine, and two daughters, Mrs. Harriet Read and Mrs. Walter Damrosch of New York, who were at her bedside during her last sickness.

The funeral service will occur Friday and the body will be buried at Washington.

**AARON BURR
LEGION MEETS.**

NEW YORK, July 15.—The first annual meeting of the Aaron Burr Legion has been held at Newark, N. J. Its object was to commemorate the 347th anniversary of the birth of Colonel Burr, and to advance the work the legion was created to perform. Its purpose is to refute prejudicial assertions that have been made about the life and character of Colonel Burr and to establish him in what the legion maintains is his proper place in American history.

Charles F. Pligin, correspondent-in-chief at Boston, presided at the business session, at which steps were taken to issue the Aaron Burr memorial volume.

Afterward the members of the legion visited the site of the massacre in Newark, where Aaron Burr was born, and also the First Presbyterian Church, of which his father was pastor at the time of his birth. Today a pilgrimage will be made to the house on Staten Island where Burr died.

DIED FROM LOCKJAW.

PASADENA, Cal., July 15.—Burndette Kerr, aged 12 years, is dead from lockjaw, the result of the explosion of a toy pistol on the Fourth of July.

**W. F. KELLY OF OAKLAND WILL
ACT AS CONSULTING
ENGINEER.**

SAN FRANCISCO, July 15.—Thomas Archer, one of the directors of the projected electric railway from Petaluma to Santa Rosa, said this morning that the third survey of the line between the two points would be completed by August 1. General Manager W. F. Kelly of the Oakland Transit Consolated, will act as consulting engineer and will decide upon the details of construction.

Electric power for the operation of the road will be taken from the Bay Counties power lines.

A reserve steam plant will be installed at some point on the road.

Freight will bring the largest item of the company's income, as the farming population is rapidly increasing along the route.

The road may be extended north of Santa Rosa and south of Petaluma.

At first there will be no ferry service established by the company, but in time it may become a necessity.

ALAMEDA, July 15.—Miss Virginia McKenzie left yesterday for an extended visit with relatives in Texas, going by way of Denver.

PITTSBURG, July 15.—Hudson Sampson, known in Methodist Episcopal church circles throughout the United States for his charity and philanthropy and as the builder of a score or more churches throughout Pennsylvania and the Middle West, died at his home in this city last night of acute indigestion. Mr. Sampson built the first public cemetery in the United States in Pittsburgh twenty years ago.

RUSSIAN AND JAPAN.

PARIS, July 15.—Disputes received at the Foreign Office here from St. Petersburg and Tokio indicate that the relations between Russia and Japan have greatly improved within the past fortnight and it is now believed that the two Governments will soon arrive at a complete understanding.

Valuable Time Saved.

Slight injuries often disable a man and cause several days' loss of time and when blood vessels develop, sometimes result in the loss of a limb or limb. Captain Ollie Henry and his Boer wife have arrived in Oakland and will lecture at the State University Friday evening. They fought with the Boers in South Africa. Their pledge in war times was: "My life for my country; my soul for God; give me liberty, or give me death."
